

Walker Equipment, Inc. will host the 21st Annual Groomer Show on Wednesday, February 7 and 8, at its business location, 6351 Hwy 70 East, St. Germain, Wisconsin. Lunch will be available both days of the event, provided by the Bo-Boen snowmobile club.

Attendees have the chance to test the newest equipment on the Bo-Boen snowmobile trails located just behind the groomer show. There will be nearly 20 vendors representing: groomer power units, grooming drags, track systems, brushing equipment and UTVs.

During this year's event, attendees will be able to meet a special guest – 2017 International Hall of Fame inductee, Don Schulpius, and learn about his pioneering experience in the snowmobile club industry.

There will be a hospitality gathering with a cash bar for all registered Groomer Show attendees on Wednesday, February 7, starting at 5:30 p.m. at The Whitetail Inn in St. Germain.
